

Harlow House Updates

Quarterly Feature: Autumn 2013

By Martha

Wow what a summer! Hope you are all getting back into the swing of things with school starting back up.

Here's a reminder that back-to-school is the perfect time to start some new routines, such as visiting our Community Garden Day, or checking out our education programs for young kids. We're proud to offer a variety of programs for children of all ages—as

long as they want to learn more about California history.

We are also seeking more adult volunteers for tours and working in the gift shop. This is a great opportunity to get more involved in your community. We employ lots of seniors and other "empty-nesters," so don't be shy!

Harlow House needs you!
